PHOENIX 3030 | 30” WALK-BEHIND SCRUBBER

FEATURING AQUA-STOP BRUSHES
20% CHEMICAL & WATER SAVINGS

HEAVY DUTY, CORROSION RESISTANT SCRUB DECK

COVERS 40,920 SQ. FT. PER HOUR
PHOENIX 3030 | PRODUCT FEATURES

The Phoenix 3030 is a compact brush scrubber with a 30" cleaning path and features two 15" disc brushes equipped with Aqua-Stop brushes. Aqua-Stop technology has been tested and proven to produce 20% water and chemical savings by retaining the water and chemical under the brush longer than a standard disc brush via the Aqua-Stop ring encapsulating the bristles and trapping the water giving the operator the ability to use minimal water flow to achieve professional results. The scrub deck is made of corrosion-resistant aluminum casting. The direct Brush Release System (BRS) allows brushes to be changed quickly. The Phoenix 3030 covers 40,920 sq. ft. per hour. Easy-to-understand controls ensure that the machine is simple to operate. The 30 gallon recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable. Removing the brushes is as easy as pressing down with your foot, hands-free brush removal. Squeegees have also been designed so that no operator adjustment is necessary. A low brush deck design is ideal for cleaning underneath obstacles such as shelves, warehouse racks and other stationary objects.

FEATURES | BENEFITS
--- | ---
Aqua-Stop System | Crest savings thru water and solution conservation.
Power Scrub | Two powerful brush motors guarantee an even cleaning result.
Capacity | Large solution and recovery tanks combined with the Aqua-Stop brushes allow for a long run time limiting dumping and filling.
Heavy-Duty Design | Corrosion resistant scrub deck and squeegee guarantees reliable performance.
Ergonomic Design | Reduces operator fatigue, excellent line of sight and comfort zone hand balls. Provides maximum maneuverability and operator safety.
User-Friendly Controls | Simple, easy to understand icons and selector pad plus one-touch directional lever.
Tool-Free Squeegee Removal | No tools required for quick squeegee blade change.
Tool-Free Brush Removal | Simply push down on the scrub deck plunger to remove the scrub brush quickly with no hands.
LED Display | Battery Gauge as well as service indicator lights thus preventing unnecessary downtime.

PHOENIX 3030 TECHNICAL DATA

| Scrubbing Style | Disc |
| Scrub Path | 30" |
| Power Source | 24 volts |
| Brush Motor Power | (2) .75 hp |
| Brush RPM | 180 RPM |
| Brush Pressure | 2 Settings |
| Solution Capacity | 30 gallon |
| Recovery Capacity | 30 gallon |
| Scrub Brushes | 15" Disc (2) |
| Theoretical Productivity | 40,920 ft²/hr |

GREEN FEATURES

- SOUND LEVEL < = 70dBs
- TOOL-FREE BRUSH/SQUEEGEE REMOVAL
- EQUIPPED WITH AQUA-STOP
- MAINTENANCE-FREE GEL BATTERIES AVAILABLE
